

Carved stone. A completed commission.

UDAIPUR GREEN MARBLE CONSOLE / PRIVATE RESIDENCE, LONDON

Made in Jaipur and installed in a private London residence, this console brings four shaped support volumes together beneath a continuous stone top.

Supplied project dimensions: 7 x 3.5 ft. Natural green, rust and cream movement belongs to the selected stone. This is a completed custom commission, not an in-stock collection item.

Alvora develops contemporary stone objects and custom furniture. Start with the room, the scale and the material you have in mind.

From a brief to the workshop.

To begin a conversation

Share your product or drawing reference, intended dimensions, quantity, destination city and ZIP code, and preferred timing. Tell us whether it is for a private home or a design project.

Before you commit

Agree design rights, stone and finish, drawings, sample requirements, production schedule and a written quote. Freight, duties, insurance, unloading and installation responsibilities must be explicit.
